Students at the conference listening to a talk on being "Seated."

2023 started with a rush!

After the talk on being seated with Christ we went out the next day on a day of outreach. It was an amazing afternoon! I got to share with a Buddhist from Texas, an atheist from Latvia, a Muslim from Palestine, and around 20 tourists from Mexico (got to use my Spanish so that was fun!) These gospel presentations were just a part of lots and lots of evangelism that happened that day. There were a few decisions for Jesus and many seeds planted.

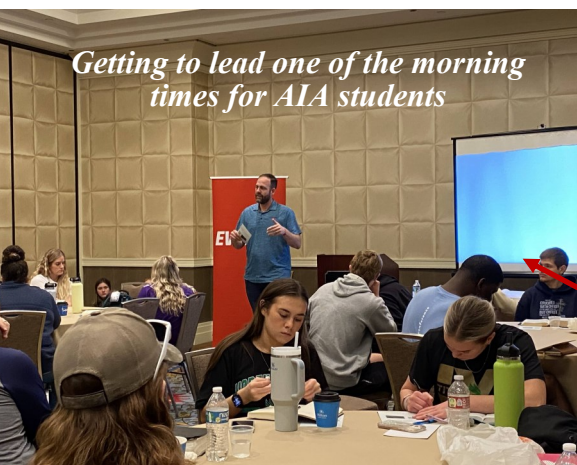

First night with our athletes.

The photo you see here (on the right) is when a student and I got to share with two people from the middle east. The guy is a Coptic Christian from Egypt and the girl is a Muslim from Palestine. This was one of my favorite Gospel conversations in a long time! We did a survey for the church we were partnered with which led us into a conversation about faith. After the girl shared with us that she was Muslim we got to ask her if she had ever heard a clear presentation of what Christians believe about salvation. Since her friend was a Christian they had spoken about Christianity and faith but her friend had not yet shared a clear Gospel presentation. So we went through a basic message of salvation. Perhaps for the first time she understood what the Bible says about relationship with God! She didn't come to faith that day but we are trusting God to use the seed that was planted. Please pray that this meeting would move her conversations forward with her Christian friend and that soon she will put her faith in Jesus. I'm praying I'll meet her again in heaven someday. That is an exciting prospect.

Getting to lead one of the morning times for AIA students

We brought 27 athletes to the Cru Winter conference. It was a time full of vision and challenge. We hosted athlete specific times for them each morning where I was privileged to lead our students and staff into the Word. It was a blessing to help these athletes spend significant time in Scripture—some of them had never done that before! *I wrote three devos for our times—if you would like a copy please email me and I can send you a link!*

Trying a new thing this year!!! I'm going to upload a short video talking through these prayer letters. So you can go to www.dananddeann.com/videos if you'd like to hear a little more about the stories above—the story behind the story. Not sure how it will turn out—but we are going to give it a try! Thanks for being a part of what we are doing on campus here in San Antonio! We couldn't do it without you! Would love your feedback if you watch! Thanks!
