Lots to Praise God For and Lots to Pray About!

First of all, thank you for all the prayer for our family over this past month as we dealt with Covid. We are so grateful for all the encouragement and prayer that we received. Thankfully our cases were relatively mild and, aside from some lingering fatigue and a cough now and again, we feel like we have left this experience of Covid behind us. We truly feel very blessed to have received the prayer coverage we did over this past month.. Thank you so much! We sent some prayer requests about this via email. If somehow you don't receive those and would like to please shoot me an email (dan.gerard@cru.org) and I'll get that updated!

3 1/2 Months of Prayer. We continue to seek the Lord daily with many of you in a special prayer effort through the end of this semester—generally praying for all meetings with teams, coaches, and students. Specifically, we have been praying for one different athlete or coach everyday. We had some start and stops due to Covid but we are back at it. I'm excited to see how God works. At the end of the last prayer effort the Lord opened doors to the basketball team at UTSA and those are still open.

Specific athlete request: A basketball player at UTSA, 'Michael,' was involved with us last year and was taking steps of faith. With the isolation and rules revolving around Covid, we just haven't had much input into his life. Would you pray that God would renew that relationship for his good? Thank you so much for lifting that relationship up!

A praise and request: At Trinity University we currently have a movement going in the baseball team. Would you pray for Garrett as he leads the baseball team Bible study? I also met this week with a soccer player there. Would you pray that this soccer player would take steps toward following Jesus and would connect me with his team? Thanks!

An update on my surgery:

I (Dan) shared in my last letter about my need to have surgery for back pain related to a kidney issue. I have now had the surgery postponed two separate times due to Covid. Currently it is scheduled for the 15th of November. It is on the calendar and I am hoping that it actually happens this time!

Would you pray that I would have little to no pain over the next month and that the surgery would not be moved again? Would you pray that the surgery would go smoothly with no complications? Thanks!

How can we pray for you? Shoot us a text or email!

We'd love to be praying for you as you have so faithfully prayed for us!

"They all joined together constantly in prayer..."

-Acts 1:14
