

Baby Born with Three Heads!

Not really; that was just to get your attention. ☺ I have some exciting news to share with you! This past week I solidified a decision that I'm going to be moving to Rhode Island to work with Campus Crusade back at Brown, my alma mater!

I've been contemplating this move for a while, and it's strange that it is finally official. There are a number of factors that I've been considering... Perhaps the two main motivators are that Brown is in a city (Dartmouth, as you know, is in a *very* rural area for a girl from San Diego), and there is a team at Brown with a number of young staff people for me to partner with on campus. I have some wonderful co-workers here at Dartmouth, but it has been a couple of years since I've had another woman or single person who has been working on campus full-time with me.

The Brown ministry has grown and changed quite a bit from when I was a student (I graduated in 2002). Campus Crusade has two main ministries on campus, College Hill for Christ (www.CollegeHillforChrist.com), which is reaching out to the general campus, and Athletes in Action (www.AIAatBrown.com), which is reaching out, specifically, to the varsity athletes. Both ministries use The Judson House, a ministry house just off campus that I lived in when I interned with CCC after graduating.

In Deo Speramus
Brown's Motto, meaning
"In God We Hope"

Prayer Requests:

Fundraising:

I have less than five weeks now to raise about \$1600 in monthly financial support—a daunting number! Please pray that God would help me to be diligent in working toward this goal and that He'd lay it on people's hearts to give!

Virginia Tech Students:

Please continue to pray for comfort and healing for the Virginia Tech community during this terrible time. At this point we think that 4 Campus Crusade students were among those killed, and this obviously hits close to home for all of us.

Praise:

Our trip to Mexico for Spring Break was fabulous. We had a great time, got in some really excellent spiritual conversations with Mexican students, and found 3 potential student leaders for the Campus Crusade group there. Thanks for praying!

My Schedule for the next few months:

- Now-May 20:** Finishing up at Dartmouth and Fundraising
- May 27-July 5:** Staffing summer missions project in Yellowstone Nat'l Park
- July 15-25:** In Fort Collins, CO for National CCC Staff Conference
- July 28-Aug 12:** On vacation with my family
- August 19:** Starting date at Brown!
- September 5:** First day of classes
