

Highlighting a dozen years of ministry...

Faye and her team share the gospel all across Brown's campus, and grow relationships in new dorms, teams and groups never before reached with the gospel.

2003

Jason graduates and joins The JESUS Film Project. He first records in the Philippines for a people group of more than 40,000 with only one known Christian. Next he records for 2 films in Ghana.

2005

Faye and Jason meet in Yellowstone Nat Park where we mentor students for the summer. Students grow to love their co-workers in the gospel, and we grow to love them and one another. :)

2007

We arrive at Dartmouth the same fall as Drew. We walk alongside him for 5 years, watching as he grows in wisdom/maturity, and heart for living the gospel and sharing it.

2009

Alex takes his junior year off and spends it in Cameroon with Wycliffe Bible Translators. He returns with a new vision of using his technical skills to advance the gospel.

2011

Jacob and Alyssa get married after receiving Christ their sophomore year. They graduate, along with 3 others, with Christ-centered visions for their lives.

2013

Faye joins staff at Brown U, her alma mater. Her 1st Bible study of 20 freshmen is a crash course in college ministry: family dysfunction, sex, jealousy, excessive drinking, depression...

2002

Faye's first year at Dartmouth, and Sarah's too. Sarah comes to have genuine faith, and upon graduation spends 3 years sharing the gospel with Chinese college students.

2004

Naomi '07 spends the year as a dorm advisor to have opportunities to share the gospel. 2007-09 she serves with Cru at Oxford U, and now ministers to youth in Boston's inner city.

2006

Jason records the JESUS film in the Middle East, working among the last remaining speakers of the original Aramaic. We plan our wedding across 2 continents.

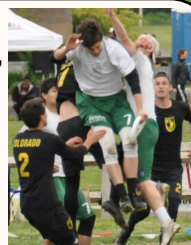

2008

Faye & Sarah lead a series of Bible studies together designed for other students to explore the gospel. Sarah graduated and is now sharing the gospel with Cru in eastern Asia.

2010

Jason leads a Bible study with Scott, a new believer, for the Frisbee team. 2 underclassmen continue reaching out to their teammates. Scott now works with Cru at UNH.

2012
