

## Hare news

Aly 's Milestone  
Family Visits  
Colombia 2013  
Africa 2013

Last Chemo behind them, Aly's surgery is scheduled for July 25.

## Aly's Milestone

Aly just completed her last chemo treatment on July 5. See her great smile? Chemo has not conquered her fighting spirit!

Look Deeper: Husband, Daryl stands watch. In his eyes you see what it has taken to get to this milestone; the concern, the fear, the worry, and a look into future milestones they must cross together. Thank you for Praying.

## Family Vacation

What a great week we had at the beach with Jeremy and Jessica's families. We enjoyed time with the grand-girls, Natania, Thalia and Connie. Swimming, snorkeling, shell searching... What Fun!

## Macon heads to Africa in August

Macon will be visiting 3 countries in Africa, Malawi, Kenya and Ethiopia. He is traveling with our local pastor, John Parker and other members of the mission ministry team.

They will be visiting works that our church supports as well as assessing new ministries.

Pray for safe travel and team unity.

Macon is looking at more travel this fall and after the New Year. Pray that his plans will be finalized for photo shoots in Central America, Asia Pacific and back to Africa to visit NTM ministries.

Pray for health and stamina. He is working hard to lose some weight before his travel.

## COLOMBIA

### PRAYER NEEDS:

**July 25 – Aly's Surgery and Recovery (mastectomy)**

**Mid August – 30 days of Radiation Treatments**

**December – Reconstruction Surgery**

**Macon's Travels**

**Health, Stamina and continued weight loss.**

### Katy and her team take on Fusa

Fusagasuga, is hard to pronounce but full of charm and tropical beauty. The weather was perfect. Spring like days, neither too hot nor cold. And there grows some of the best coffee Colombia has to offer.

It is also home to the NTM campus for training Latin tribal missionaries, and that is where Katy took her team of 10 to refresh and bless the hard working missionary staff.

The students and staff just completed midterms and Katy's team offered a week of meals for students and staff families,

giving the missionary wives a break from kitchen chores and providing an environment of rest, delicious meals, and camaraderie. The team also hosted a 3-day VBS for the missionary kids, a Lady's Tea, Craft Time and Boutique, (free shopping) and ended with a Banquet for the Staff couples.

Busy Week? You bet. Yes, we were exhausted but the smiles on the relaxed faces of the missionary families gave us the reward we were looking for.

Thank you for praying and participating!
