YOUR PARTNERSHIP BLESSES MISSIONARIES

Missionary families were encouraged and refreshed this year at their annual conference held in Brazil. After 5 intense, fun-filled days for missionary children and a luxurious banquet, tea and boutique for missionary ladies, Katy's team said good-bye to their new missionary friends. One missionary lady said, "I have served here for 40 years and this is the first time anyone hosted a banquet just for us."

Thank you for coming to bless us.

A young single missionary lady told me, "I feel just like I received a hug from Jesus"; "You did," I replied. Another missionary Mom told me how exciting it was for her kids to attend VBS on the field. "We have really missed the children's programs that our kids participated in the USA."

Thank you for supporting Katy and her team through your prayers and gifts. Your partnership is having lasting results in the lives of dedicated missionary families.

THE MOI STORY IN FILM

The editing for the NTM film about the Moi believers in Indonesia continues to be a major focus for Macon. We will let you know the dates in May when it should be ready for distribution. You are going to want to see this impactful story and share it in your small groups. You can visit NTMbooks.com to see other great DVD and Videos about tribal church planting.

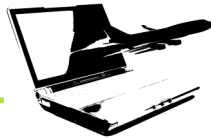

WHAT'S MACON'S NEXT VENTURE?

THRILLA IN MANILA

No lie! Macon really is *thrilled* to be heading to the Philippines this month. March 25, Macon will spend 2 weeks visiting 3 tribal locations and a support center for 8 tribal church planting teams. He is traveling with a professional photographer for NTM media as well as evaluating opportunities for the next NTM Film project.

The Philippines is Macon's first stop this year to research NTM short film locations. He plans to visit Africa and South America as well. Pray for wisdom, stamina and a godly sense of timing and story that will impact Christians to get involved with us to reach tribal people with the gospel of Jesus Christ. God is doing some incredible things all over the world in the lives of tribal people and we get to tell you their stories. *How amazing is that?*

FAMILY

Jeremy — Nothing is concrete, but as Jeremy trains on another aircraft (737) for Continental Airlines this month, he and Judy are researching a possible move to Guam later this year to fly from Continental's Southeast Asia hub.

Guess Grandma and Grandpa will be making a *few* trips to see their grand-girls, Natania, 5 years, and Thalia, 20 months, using Jeremy's family pass privileges. Pray for decisions Jeremy and Judy will need to make concerning housing, schooling and church fellowship.

Aleyda — She will be completing her second year of teaching high school this spring. She asks for wisdom about next year. Daryl has had some health issues this past month and though it hasn't slowed him down, we would appreciate your prayer for complete healing.

Grandkids, Thalia, Connie and Natania at Natania's 5th Birthday & Tea Party

Jessica — Going to school at night for Massage Therapy is tough and intense but Jessica is doing great. Thank you for praying. Please keep it up. The economic crisis hit home pretty hard after the small battery company where Vinny worked had to lay him off due to downsizing. As hundreds these days can attest, the job search is brutal. Jobs are few and too many are applying for the same job. Please pray for Vinny to find work that can support his family.
