

Lead The Cause... Virtual!

COVID-19 has changed much of the way we've had to approach ministry in 2020, and Lead The Cause is no different. All the in-person events were cancelled this summer, with virtual events taking their place. While the impact for those attending in person training is far greater, virtual events open the door for far more people to participate. At the Disciple-Making Forum I spoke at in May, 800 were registered to be there in person, but when the event went to a

virtual format, several thousand were able to participate online.

Instead of flying to Chicago for an in person Lead The Cause student evangelism training event in June, I flew to Denver to tape a portion of the training in studio. Then, the last week of July, I'll be back in Denver where we'll live-stream the main sessions from the studio for close to 1500 students across the country. The pre-recorded training will then be shared at different times based on time zones.

Tools have been created to help students share their faith virtually, like the *Life In 6 Words* App, which allows you to audio record yourself sharing the gospel through the app and then text the link to a friend. Students will also use other apps like Instagram or TikTok to share their faith stories.

This is now the 8th year of me having the privilege to help lead this student evangelism training, and it's always an incredible joy to see students faith come alive as they learn to share it with others.

Students at the ReVerb Retreat gathering on the beach for team competitions.

Students were encouraged to spend time with God while enjoying the Florida sunrise.

Our Sonlife Team recorded video teaching for Virtual ReVerb events across the country.

FAMILY PRAYER UPDATE

- MARY-FAITH CONTINUES TO RECOVER WELL FROM HER BRAIN SURGERY AND RADIATION TREATMENT. HER QUARTERLY MRI'S HAVE BEEN CLEAR WITH NO SIGNS OF THE TUMOR RETURNING. HER RECENT EEG WAS ALSO NORMAL, WHICH MEANS SHE CAN GO OFF THE SEIZURE MEDICATION. PRAISE GOD!
- MARISA HAD A VISIT TO THE EMERGENCY ROOM WITH EXTREME ABDOMINAL PAIN AND NAUSEA. IT WAS A SCARY MOMENT. WE'RE GRATEFUL THE DIAGNOSIS WAS KIDNEY STONES, WHICH HAVE PASSED.
- ANALISE TESTED POSITIVE FOR COVID AFTER WORD OF LIFE CAMP CLOSED FOR THE SUMMER. SHE HAS BEEN IN QUARANTINE AT CAMP BEFORE RETURNING HOME. SHE HAD MILD COLD-LIKE SYMPTOMS, BUT FEELS FINE NOW.
- DOUG HAD SOME HEART CONCERNS AND WENT INTO THE HOSPITAL FOR A BATTERY OF TESTS. HIS HEART IS IN GOOD SHAPE, BUT HIS BLOOD PRESSURE WAS ELEVATED, SO HE'S GONE ON MEDICINED TO REGULATE THAT.

REVERB RETREAT @ DAYTONA BEACH

When our church's regular summer camp plans in North Carolina were disrupted because of COVID, they pivoted and made plans for a beach retreat closer to home. I was asked to speak for the retreat, and we used Sonlife's ReVerb disciple-making training as our theme for the week. What a powerful week as students learned how to Love God, Love People, and Make Disciples... the Christian life in six words.

WORD OF LIFE SUMMER CAMP / HUDSON, FL

Analise finished out her year at Word Of Life Bible Institute with a Summer Internship as a counselor at Word Of Life Youth Camp. The eight week program was cut short by two weeks because of COVID-19, but it was an amazing summer as she got to invest in many kids lives and see several girls put their faith in Christ. Overall, more than 300 kids put their faith in Christ at Word Of Life Youth Camp this Summer. A highlight was definitely Week Two when Maggie was one of the campers in her cabin, helping Analise celebrate her 20th birthday. Maggie had such a great week, she wants to return next Summer to serve the whole eight weeks on Camp Crew.

SONLIFE BLOG & PODCAST

Each week, you can find some disciple-making insights and encouragement on the blog I write for ministry leaders and volunteers at **[Sonlife.com/blog](https://sonlife.com/blog)**. Recent blog posts have focused on our response as believers and leaders to the racial divide in our country, the work of the Holy Spirit in our lives enabling us to "walk as Jesus walked," and the value of studying the life of Christ chronologically by using a Harmony of the Gospels.

*Serving Christ together,
Doug & Jennifer*

Thanks for your faithful prayers and generous support of our family and our ministry.
