We are living in an incredible movie trailer... except it's real and it's eternal. God has placed us in this very place and at this very time for a reason. And as we live our lives we're connected to a great and eternal story. But can we see it? How will our perspective change once we know about eternity? How can we train our eyes, ears, minds, and hearts to have 20/20 vision that sees the things that are "unseen" and "eternal?" Come and see with us as we ask these very questions and connect ourselves to what God has promised is "Coming Soon."

I have the amazing privilege of leading our annual Epic Conference for the second year. Our Epic Student Conference is rooted in the mission to encourage and mobilize people of Asian decent to grow in their relationship with Jesus and change their communities. It is a four day encounter with God where college students have the chance to hear from nationally renowned speakers, engage in practical training on evangelism and to participate in a nationwide Day of Faith with other students from around the country. This year our theme 20/20 is coming out of 2 Corinthians 4!

***I would love to invite any of you who will be in the Orange area to stop by any of our sessions, but especially Saturday night for a special performance!!***

Here is my schedule for the next few months. Would you join me in prayer for each trip scheduled as well as events I will be leading and as I prepare to head overseas at the end of summer. Pray also for finances and raising extra financial support for travel and training conferences.

I would love to see you while I'm in California so please email me if you would like to connect! So grateful for each of you and I wouldn't be here without you.
