"God is Love" - Teaching Opportunities
October 2022

BUILDING SPIRITUAL MOVEMENTS EVERYWHERE SO THAT EVERYONE KNOWS SOMEONE WHO TRULY FOLLOWS JESUS

Anytime I get the chance to teach, I'll take it. I love it. It always reminds me that God is so faithful that even when I was called out of my elementary teaching days, I would still have opportunities to teach... just in a different way. I got to spend a weekend in Hume Lake with our Cal Poly San Luis Obispo movements a couple weekends ago and what a gift and joy it was to be able to be to teach the Word of God. We went through John 4 and dug deep into the story of the Samaritan woman and Jesus' intentional pursuit of her. There is nothing greater than to go deep into Scripture and to bring others in and see life transformation happen because the Word of God is alive and active! I was reminded that God's love for us runs so deep and His joy comes from our simply being with Him. Continuing to pray for our SLO movements as they experience the deep, deep love of Christ!
