

ALOHA KE AKUA God is Love - Fall Updates September 2026

building spiritual movements everywhere so that everyone knows someone who truly follows Jesus

A brand new school year has begun and I'm not sure I can even put words to it. Campus started mid August and we hit the ground running with Club Fairs, DiscoverFest, and many, many events in order to give new and returning students an opportunity to get connected! One of the major structural changes we made this year was rather than splitting our team across two campuses and running as two teams, we combined our efforts and became one team owning multiple campuses. It's been so much fun feeling more connected as a staff team on mission together and seeing our students have more staff to work with. So, we currently have students from Cal Poly Pomona, Cal State Fullerton, and Cypress, working on efforts to get some exposure at Mt. Sac and get some of their students involved as well!

We've had an immense number of new people which has been so encouraging, but with that comes unique challenges for those who have been a part of our ministry beginning to feel a little lost. Our weekly meetings have averaged anywhere from 80-95 students which is incredible including an increasing number of non believers. We have our Fall Retreat coming up at Big Bear Christian Conference Center October 2-4 and have about 70 students signed up with about 9 of those indicated as non believers. We are praying that students, new and old, would be refreshed in their faith and renewed in their desire to grow in their relationships with the Lord. Would you join us in prayer for our Fall Retreat?

On the family front, we are continually grateful for all your prayers, check-ins, support, and financial giving! The kids are getting big and it is so true that the days are long but the years are short. Ari started TK at a new school and is getting used to new routines and no naps! Eliana is almost 2 (Nov 3) and we are getting ready to celebrate her little life and have a pre adoption party! Both kids debuted in their first wedding and did amazing! I'm still trekking along leading our team, embracing mom life, and being a seminary student.

Thank you again for who you are and the place you play in our lives near and far! I couldn't do ANY OF THIS without YOU!

FINANCIAL GIFTS: THANK YOU for your faithful generosity this last year and beyond! Because of your giving and the Lord's kindness, I have been able to fully focus on ministry this last year! As I look ahead to another school year starting soon, would you pray about joining my team! I'm looking to raise 15 new ministry partners, \$3000/monthly support, and \$5000 one time special funds. If you'd like to partner with me, please visit www.give.cru.org/0551103.
