## Class. (Beach). Eat. (Beach). Homework. (Beach). Sleep.

The past month and a half have been amazing! Besides being able to take classes right on the beach, I had the opportunity to spend a few weeks in taking an Introduction to Theology and a Bible Study Methods class. We were able to look at Christian Theology more in depth and also spent a majority of the two weeks looking more into Ephesians 2:1-10 and writing a bible study. It was so encouraging to study the Bible in a new way! With great classes, came great friends! It was again

good to be with people who are called into the same ministry! One highlight from my trip was just the opportunities to share with strangers what I get to call my "job" and really the heart of the gospel. Jennifer was a girl at Daytona State whom I had met on our day of outreach. We approached her and she was opposed to doing a survey for us. We started asking her questions about her life and gradually, she shared with us a lot of her struggles and past. She started asking more spiritual questions

and eventually said she wanted to be sure she was going to heaven. I asked if I could share the "Knowing God Personally" booklet. We talked through the gospel and I got to share with her that through a relationship with Christ, she would be able to be sure. We spent some time praying after that and Jennifer wasn't ready to relinquish full control of her life but praise God that the seeds were planted. Continue to pray for Jennifer to be surrounded by other Christians at Daytona State!
