"God is Love" - Fall Rhythms
September 2022

BUILDING SPIRITUAL MOVEMENTS EVERYWHERE SO THAT EVERYONE KNOWS SOMEONE WHO TRULY FOLLOWS JESUS

September started the school year for us and what a start it's been! I can't believe it's already November! (My October update will be coming shortly after this. Thanks for bearing with me!). September held a lot of alignment and really digging deeper into our vision and mission statement. Our vision as Epic is to see **Asian Americans proclaiming and demonstrating the story of Jesus, bringing the honor and hope of Jesus to the world.** Our mission is to **Invite, Integrate, and Send Asian Americans to reach the world for Christ.** All to say our students are really catching on and I'm excited to see what this year holds!

FALL RETREAT 2022: I remember as we were planning for this school year we were praying for 75% of our students to attend our fall retreat. I'm happy to say that we had almost 100% come and it was incredible! To say that community was built is an understatement. We joined with Cal State Fullerton and it was fun to get away and spend the weekend together. We talked about the Good News and what that means for us and for others and how sharing our stories bring redemption and hope!

Personal update. Church has been a sweet, sweet place of healing and redemptive community. This group of women have been a source of encouragement, grace and truth. They have brought so much joy and authenticity as we gather together to dream, laugh, and draw closer to the Lord. I am so thankful that God has given me such an incredible group of women who more than anything seek to be more like Christ!
