“GOD IS LOVE” – Ministry Highlights
February 2018

Building spiritual movements everywhere so that everyone knows someone who truly follows Jesus

This last month has felt super busy, but at the same time so fruitful! I started the month by visiting our teams at UC Santa Barbara and Cal Poly SLO. What an encouraging time to meet with our team leaders and their students, and to get a glimpse into their unique ministries.

Campus visits are the HIGHLIGHTS of my job and getting face to face time with such amazing men and women remind of our call to be lifetime multiplying disciples! Thank you for praying for our teams!

I continued the month by speaking at the South OC Cru Women's Retreat and then speaking at our Cal Poly Pomona Epic Women's Retreat. We talked about our identity as women and how there is an enemy who drives us to believe in the lies of the world rather than the truths of our God and Maker. It was a powerful time to speak over the lies that we believe about ourselves. Unloved. Unseen. Broken. Annoying. Forgotten. Unworthy. Tears filled my eyes and I heard and saw women so honestly share the things that they believe about themselves. We spent time talking about God's view of us and how we are created in his image. What an amazing time to begin to claim truths over ourselves! At the end of both times, we spoke and claimed the truths of who God says we are. Loved. Enough. Known. Free. Redeemed.

What great reminders even for myself! I am so thankful for the opportunities I have been given to speak and share with students/staff. Continue to pray for the women in our ministry to come together in truth!

Ended the month by going to San Diego for our Missions Directors Conference. This was our first official time connecting in person with others serving in the same role as me. We flew in from all over the country to spend 4 days together visioning, planning, and encouraging one another. There is so much to learn. Would you continue to pray over our leadership and direct influence in shepherding and strategizing our staff and teams?

We envision Asian American movements mobilized to take our place in God's redemptive mission, and 1) seeing they have a unique place in missions history and the future of missions, 2) that they are bridge-builders - representing both the empowered and the powerless of society, and 3) they are coming together, fully surrendered, actively engaged in God's work.
