

This week has been one filled with mix emotions. Yesterday, I felt the Lord give me these words for this season: **See others and live with Christ's compassion and humility.** Lionel and I led together my last year in Hawai'i and the Goo family has been such a blessing and source of spiritual growth and encouragement challenging me to trust and follow Jesus more. Gay went home to be with the Lord yesterday and to see Lionel and their boys pray was a reminder of the unwavering faith of this family. Through this, I've been reminded that life is nothing more than a vapor (James 4) and we have a calling to live lives that bring honor and glory to God the way that Gay did and the Goo's continue to do. Would you continue to pray with me for the Goo's and for their grieving process and adapting to a new normal? Would you pray that this would be a reminder for me and us to live with urgency for the Gospel and to honor Gay's life by reflecting Jesus the way that she did with compassion, humility, and grace? Would you pray that in seasons of death, the reminder of new life would give us hope and certainty of what's to come? Thank you for joining with me.

This month, I am focusing on raising new monthly partners and trusting the Lord to increase my current support so that I would be in good standing for the upcoming school year and future expenses. Would you join me in faith praying that in the month of August, God would bring in 10 new monthly financial partners, \$2000 in one time special gifts, and \$1500 in monthly donations.

For some of you who already know and have been praying alongside me, I am trusting that the Lord would also provide the finances for me to buy a place, a temporary earthly home where it would be used to bring others in to experience Acts 2. "Every day they continued to meet together in the temple courts. They broke bread in their homes and ate together with glad and sincere hearts, praising God and enjoying the favor of all the people. And the Lord added to their number daily those who were being saved." It feels risky to ask for prayer for these things but also an opportunity to see faith move! Please pray with me and for me that I would see others with Christ's compassion and humility.

We envision Asian American movements mobilized to take our place in God's redemptive mission, and 1) seeing they have a unique place in missions history and the future of missions, 2) that they are bridge-builders - representing both the empowered and the powerless of society, and 3) they are coming together, fully surrendered, actively engaged in God's work.
