“GOD IS LOVE” – Ethnic Field Ministry Staff Conf  
April 2017

Building spiritual movements everywhere so that everyone knows someone who truly follows Jesus

This month, we had our first ever Ethnic Field Ministry Staff conference in Plano, Texas. Nearly 300 ethnic staff, ambassadors, and volunteers gathered together to talk about our theme of Voices: your voice, our voice, and his voice.

A highlight for me was being asked to emcee this conference. It was so much fun getting to do something completely out of my comfort zone. I was encouraged in my own growth to do one thing a year that is uncomfortable or not my natural strength and stepping into this role for this conference was such a tremendous honor and humbling experience. I learned so much and got to interact with so many other incredible staff. Getting to be part of interviewing a Legacy Panel was such an awesome experience. It was encouraging to hear from men and women who have been serving in this ministry for the last 20-40 years and their words of wisdom.

I'm grateful to be a part of such an awesome organization that really seeks to build God's Kingdom through each person's unique ethnic journey and identity. Epic has become family in so many ways. Would you continue to pray that the Lord would use Cru as a whole to reach this world with the changing message of the gospel?

If you'd like to help support what God is doing please go to:

Staff Acct #0551103

We envision Asian American students and faculty whose lives have been transformed by the Gospel, and who are 1) growing in their understanding of and relationship with Jesus Christ, 2) embracing the value of their culture through Christ's redemptive love, and 3) taking their in God's redemptive plan by building missional movements that impact their families, peers, community, and world with the power of the Gospel.
