September 26, 2013

In the summer of 2012, I shared with you that we sent a summer project team to a place in the Middle East. I asked you to pray that God would raise up a STINT (a one-year Short Term International) team for this place for fall of 2013. Here they are. It is so exciting to see God's answer to our prayers.

They arrived at the beginning of September and have been getting acclimated to the city and exploring a couple of the campuses that have already started classes for this semester. Others don't begin until Oct 1st. Because we've had summer project teams in this city the past couple of summers, they have some students to begin meeting with already.

When we send STINT teams like this, we ask them to focus on four things: Love the Lord, Love their team, Launch a movement among students and faculty, and Learn a new world.

Please take a minute to pray for them:
their adjustment to a new life, food, people, place
they would focus on those four things
they would be filled with God's Spirit and not try to do it on their own
and however else God leads you.

Please pray, too, that God would be pulling together the STINT team for 2014-2015. That's some of the work I and my team do. We build healthy teams and send them to priority locations. Please pray for me that I too will love the Lord first and foremost and do the work related to my priorities for this year with His guidance and strength.

Thank you for your partnership that results in students and faculty knowing the God of the universe through Jesus.
