

Kevin, Quentin, Cole, me, Beth, Tim

Dear Friends,

How do you feel about road trips? Last month the group of us pictured above) took an exploring trip through Vermont. In three days we stepped foot on 5 different campuses praying for each one as we went.

At Middlebury College, Beth and I met with a sophomore named Emily. She was raised in a Christian home and connects with her church family when she is home. At school however, she has not connected with a Christian community and definitely feels the antagonism of others towards Christianity.

In partnership with others, our goal in Cru is for there to be a gospel community on every campus in the US and around the world. This isn't a new goal for us, but we are seeking new ways to go about achieving it.

Our desire is to provide a place for people like Emily but it is also way more than

that. Imagine a day when no matter where your child, niece, grandson, and neighbors' kids would go to college you could know there would be a community of believers living as a witness to Jesus and His love for them.

Last week I spent time with our Boston Western Suburbs Team. They are currently working at Wellesley, Babson, Boston College, Brandeis, and Bentley. On Monday we did some digital research to see if we could find some people who may be interested in helping to start a new group at other nearby campuses.

Following up on leads, Ben and Erin met a sophomore at Lasell who is a Christian. He has not found any other Christians and is not part of a church. His eyes filled with tears as they talked. Ben has been discipling a freshman there and can't wait to get these 2 men connected to each other. Perhaps they will be the beginning of a gospel community at Lasell.

November 15, 2018

November 27-December 1
Annual Leadership Gathering in Dallas. During our time there, I will be leading an afternoon with the New England team leaders.

December 10-13
Monthly coaching calls with the New England team leaders.

Please pray:

- I love and lead the team leaders well.
- I abide in Jesus and that He bears fruit in and through me.
- God's wisdom and guidance in all I do.

All year long, one of the things I thank God for is you. God is doing a work through me because of our partnership in the gospel. Thank you.

Grateful,

PS I'm looking forward to seeing my family on Thanksgiving. We are spending the day at my brother's.
