

July 7, 2023

Dear Friends,

Do you have any highlights from your summer so far? Feel free to text or email a reply.

My first part of the summer - being a coach for the New Team Leader Training - just finished. The highlight from that for sure was the time with the trainees. It was especially great to be coaching two of the leaders I'm working with in New York. I also got some ideas for leading the New York Team Leaders this year; which leads me into the second part of my summer.

For the next month I will be preparing for the coming year and connecting with people. There is so much to pray for, think about, and work on. I'd appreciate your prayers for wisdom, discernment, and creativity too. I'm still gaining understanding on what to prioritize and then creating a plan to go after those things.

I'll also be connecting with ministry partners locally in Massachusetts/New Hampshire and in the greater Wilmington, DE area. Feel free to text, call, or email to set up a time to connect.

July 8 - 12 in MA

July 18 - 28 in MA

July 29 - August 3 in DE

August 7 - 8 New York City meeting with team leaders and the new school year is underway.

What a privilege we have through our partnership to build into Cru team leaders who are reaching students and faculty with the good news of life in Jesus! Thank you.
