## Investing in to new leaders - what could be better?!

Matt is serving in the south coast area of MA

Sharon is serving in the western suburbs of Boston

Ben is serving in the western suburbs of Boston

Cole is serving on the Northeast Expedition Team based in Providence

In addition to attending our national biennial conference in Fort Collins, CO July 19-26, I will be a coach at our new team leader training. We've already received some of the pre-work to do. On June 14th we have a coaches information session and then we begin June 17th. We have about 120 new team leaders attending the training.

I went through new team leader training in 1987 and then was a coach in 1992. So much has changed since then, including the format for the training. The one thing that is the same, is that we have input as a large group and then we meet in coaching groups to take the content and apply it to the specific context of the leaders.

My role is to lead one of the coaching groups with these 4 New England leaders. We'll have time together as a group as well as one-on-one times. I'd appreciate your prayers - that I will love and lead these folks well, and for wisdom in asking good questions. Also, please pray for us to engage well during the virtual part of the meetings. There was a glitch with the housing and so we are doing 3 weeks virtually and 1 in person. Thank you.

Grateful for this opportunity,

PS I'd also appreciate your prayers for a talk I am giving this Sunday to summer mission students.
