

September 18, 2008

Dear «Greeting»,

The long hours required for recruiting, evaluating, processing, placing, and sending our new Interns and STINTers (Short Term Internationals) are over! God has blessed the Northeast Region of Campus Crusade for Christ with a great group of new workers for the harvest field for the academic year of 2008-2009!

Here they are at the Intern Kickoff Weekend in Alton Bay, NH, on April 13th.

These wonderful young men and women have begun their year of ministry reaching students for Christ in East Asia, Serbia, Germany, Japan, and stateside in Boston, NY City, Maine, Connecticut, Syracuse, and Rochester. They are working with already established teams so that they can make a great contribution while being trained at the same time. **Many college students around the world will receive Christ this year as a result of these recent graduates caring enough to take a step of faith to bring the good news of Jesus to them.**

Getting more laborers to the field is one of the primary priorities of our Human Resource Team. Your prayers and financial gifts are being invested for the advancement of God's Kingdom through me and our team.

I'm grateful for you!

PS Three months ago while still in France I had back surgery for a herniated disc that was wreaking havoc on my nerve. About two weeks ago I began having neurological symptoms again, which was an indication that things were getting worse rather than better. I made an appointment for Physical Therapy and started on Monday. Please pray for me to be aware of my body and the position I'm doing things in. Also, it is very important that I don't sit for long periods of time. I've cancelled all my travel plans for the next few weeks. After my physical therapy appointment yesterday, I'm hopeful the new treatment plan will work well.
