

Going to the campus mission field - People Reaching People

June 24, 2015

Here I am with our northeast summer 2015 new staff.

God has called these men and women to serve with Cru in reaching students and faculty in New England and New York.

Susan was raised going to church. She always thought Christianity had to do with paying God back because of what he had done for her. It was in college when she came to know God and the true message of the gospel. After working in Albany for a few years, she is joining our staff to help other students know the fullness of the gospel rather than just the rules of religion.

Claire came to the states as an international student from a country where most people haven't heard about Jesus. She had no interest in God when a friend invited her to an event where she first heard about Jesus. After some time, she came to believe in Him. At first, her father also seemed interested in becoming a Christian. But when she told him he'd have to believe in *only *Jesus and give up all other gods, he refused. In just a couple of years, however, both of her parents have made the decision to become Christians! God is using Claire not only in the lives of her family, but also with fellow international students.

Terry is from a rough inner city background. God grabbed his life while he was taking classes at a community college in his city. Now he is joining our staff trusting God will use him to reach students living in darkness so they can be transformed into God's kingdom of light.

And the stories go on.... God is so amazing. Each of us have our own story of how God has called us to be His own as well as how He has called us to be involved in His kingdom work.

PRAISE & PRAYER

- Hearing their stories, I can't help but remember God's work in my life all those long years ago - and give thanks. How about you? Don't you love to remember how God reached you?
- Praise God for sending these new staff to reach students all over New York and New England.
- Please pray for them as they begin finding their ministry partners.
- Please pray for me - I need God's wisdom everyday. And pray my love for God and people grows deeper.

Thanks!!

God graciously provided the opportunity for me to visit with several friends and their families earlier this month. It was great to have some time with people whom I love and enjoy but don't get to be with very often. I played with their kids, read a couple of books, took walks, and had good conversations. I even got to play a few card games, too. :)

Thank you for your faithful partnership. Together we are helping Jesus' name to be proclaimed around the world.

I hope you are enjoying the summer!!
