

300+ Students

This weekend is our Cru winter conference for campuses in the Northeast: **Cru Epicenter!**

The 3-day weekend is chock full of speakers, worship, seminars, and outreach; all with the purpose of helping students to know Jesus better and to make Him known to the world.

Please pray:

- That people who don't know Jesus to experience authentic Christianity and the powerful truth and love of the Gospel.
- That Christian students grow in their walks with God, take steps of faith, and leave the conference feeling empowered, refreshed, and excited for the coming year.
- For lots of community and growth among students. Deep friendships are often formed at conferences, many students experience real grace and forgiveness for the first time, and students challenge each other to be on mission together at their schools.

Unique kind of outreach

Sunday night while meeting together in campus groups we will go on facebook and paste a video link on our timelines. Any of our friends who click on it will be taken to a 4-minute thought provoking video and from there can chat with us about what they thought of the video. This is one of the ways we are reaching out so people will know the love of Jesus. The video is very creative. Take 4 minutes and watch it yourself :)

<http://www.watchthinkchat.com/c/027c02?o=500046395>

Please pray Sunday night for:

- Good internet connections.
- Courage for many who have never shared the gospel before.
- Friends and family members to click the link and watch the video.
- Open hearts to hear its message.

Thank you so much. It's easy to forget, but the "effective prayer of a righteous man accomplishes much." James 5:16

Your partnership is what helps make all of this a reality!

Because Jesus came,
