CRU MISSIONARIES AT BUFFALO | April 2016

In the course of 4 weeks and 4 different spring breaks we sent nearly 30 Buffalo college students down to Florida for a Cru conference called "Big Break". Each week our students joined around 1000 other Cru students from around the country with the main focus of the conference to learn how to share their Christian faith in a relational, non-pushy way. I (Kevin) went the 2nd week of "Big Break" and drove 5 Daemen College students (above) over 18 hours both ways, leaving Jenn to watch the kids alone for 10 days.

Some of the highlights from this years "Big Break" trips.....

### Deep Connection:

On any Cru road trip I like to have everyone share their faith story about how they came to know God. One common theme that kept coming up in just about everyone's story was how much Cru has really helped them know God more deeply, and many of the students didn't know if they would following God right now if it weren't for Cru on their campus. That was exciting for me to hear because although I know students are showing up every week, I don't always know how God is working in each of their hearts.

### Life Change:

Brooke had the biggest life change almost to the point that I wouldn't be surprised if she actually became a Christian on the Big Break trip. She just couldn't stop talking about how she had never experienced God or Christian community in this way before. She had been nervous to read her Bible around her parents, which is interesting to me because her parents are fairly involved in a local Christian church, but they never talk about spiritual things outside of church. Brooke has since made a point to start talking to her parents about spiritual things. She has also started talking to one of her friends from High school about Jesus.

### New Labors:

During the "Big Break" week that Niagara University Cru students went down to FL, one of the guy leaders decided to intern with us next year. He applied that week and he has already been officially excepted!! This is such an answer to pray as Cru in Buffalo keeps growing in size and expanding to more and more campuses. The group of students that went from the University of Buffalo came back with a passion to reach their diverse campus with the Good New of Jesus. They have since started reaching out to International students and next week they with have their first Destino Meeting that specially reaches out to Latino and Latina students.
