

## 3000 Freshmen Receive Bibles

We have just finished the first five weeks of the school year. So much has happened we wanted to tell you a bit of the highlights.

- We started the year handing out 3000 Freshman Kits which have a bible, DVD that has the gospel on it, book, and other fun things. Which is exciting that just **about every freshman has God's Word** and has the chance to receive Christ.
- There is a **thriving bible study in every dorm** and several off campus freshman studies. Several of the studies had to be split because there were 20+ students coming!!
- A ministry at our nearby community college (Cuesta College) is finally taking off. Praise God!!
- We have seen an increase in interested upperclassmen to serve at least a year of their life in full time ministry either here at Cal Poly or over seas next year.
- **Nearly 100 accepted Christ at a magic show.** Read on...

A little over 900 people came out to the Andre Kole evangelistic Illusion show where 89 prayed to receive Christ and 24 wanted more info about having a relationship about Jesus Christ. Our bible study leaders and the outreach team followed up with every decision and here are a couple of the personal stories of the many decisions. Darren, a senior, is taking one guy to church and having pizza with him. Arijaan, our new intern, was sitting next to a girl at the show that she had never met, who happened to be in the dorm where she is leading a bible study. She ended up accepting Christ and Arijaan is now able to follow up and get her plugged in. Korin, a senior, had a girl in her dorm bible study except Christ that night too. The next week when they were showing the girls a booklet containing the Gospel, this new Christian said "Can I have two 'cause I want one for my mom and my brother"!

Our school newspaper interviewed Kevin about the show and wrote an interesting article on it. Read it at: [www.mustangdaily.net](http://www.mustangdaily.net) and then search for "Kevin Lamb".

### QUOTES FROM THE ANDRE KOLE COMMENT CARDS:

"I appreciated your speech much more then the show. In the past few months I first received the motivation I needed to start my search for Christ, and I plan to follow some of your research in part of my search."

*"Atheist | Agnostic looking into Christ"*

*"Thanks you for opening my heart to Jesus again. I'm a Catholic of strong faith, but I haven't practiced for awhile. You reminded me of how important it is to believe in Jesus."*

**Baby Update:** I have just started my third trimester and so there is 3 more months left! From the ultrasound the doctor said everything looks normal and healthy, which is quite a relief. The baby should be around 2 whole lbs by now but it kicks like it is full grown. I feel a little more tired than usual so I take more naps and I still get nauseous every day but overall I feel good. I have switched to walking for exercise and so Kevin and I have been enjoying our last months just the two of us by taking morning walks. Oh, and we are waiting to find out the sex of baby Lamb!! Thank you for all your prayer!!
