

The Lamb Family

Cru Missionaries at Buffalo July 2022

Summer Cru

While some of our students are away on Cru Summer mission trips and others are back home working or doing internships, we continue to run one local Cru movement for the 5 campuses! We host a weekly meeting, small groups, times of evangelism, and fun events for students from all campuses to attend. Please pray God would use Sumer Connect to help build students up in their faith and further the Gospel in Buffalo!

Summer Cru weekly meeting and hanging out

Together'22 in Dallas, TX

2 days outside in 104 degree heat and over 2800 miles of driving was worth it! June 23-27 4 staff and 8 students from Summer Cru made the 20 hour trip one way from Buffalo to Dallas TX for a conference called Together22. We were actually in the van longer than we were at the conference. You may be asking why would you do that to yourselves. The theme of the conference was “make Jesus known” with training and and a commissioning to do that. And as we prayed about it as a leadership we just felt like that is exactly what our students need and really the world needs. We took one of our afternoons to pray with people around Dallas and talk to them about Jesus. For me (Kevin) it was more about the journey than it was about the destination. These type of trips although tiring, I feel like I start barely knowing most of the students and end the trip feeling like these are some of my best friends. The sheer amount of time I get with students is just unparalleled with anything else we do. So I’m just those few days conversations ranged from how we came to know God, how to grow with God, dating, marriage, how to reach those close to them, their opinions and thoughts with all the crazy recent news. It truly was worth it!

Students praying with a women on the streets of Dallas

Last newsletter we wrote about the students Kevin took from Buffalo State college to Kentucky to help with tornado relief from a disaster that hit back in December. As an update check out tinyurl.com/MsBertha to see the tear jerking video “Operation Blessing” put together about about the house transformation and how it helped Ms. Bertha.
