

## Movements Everywhere!!!

We wanted to tell you three quick stories....

### Jesus Loves Soccer

Rachel and her friend on the soccer team wanted to make a difference and wanted to start a bible study within their team. They were the only 2 they knew for sure that were interested in spiritual things much less being in a bible study but felt like God had called them to start a soccer bible study. So, nervously at one practice they made an announcement that they were starting a soccer bible study. When the night of the bible study came the two girls had no idea what to expect. They were amazed by God to see 15 girls show up to learn more about the Bible. God has continued to use them in an area where there was nothing previously.

### Reaching the Greeks

For the past couple years ministry within the Greek System has struggled especially within the sororities. However, this year 2 girls, Christen and her friend, joined sororities specifically with the purpose of reaching the Greeks. Since joining sororities in the fall they have been developing friendships. Even though it wasn't easy they have continued to pursue the women of their sorority houses. Last month during a Christian Greek retreat the girls got a vision for an all sorority girls' bible study. So they stepped out in faith and invited all the sorority women to a bible study. The first night they had the bible study 12 girls came, a majority of them non-Christian, and many of them were known as the biggest partiers. More new girls have continued to come on a weekly basis.

### "I could do that?"

Josue has been a part of "Destino" (the ministry to Latinos) for awhile now. He recently attended a Campus Crusade conference and heard about how he could influence other students for Christ in areas he was already involved in. When he heard this he asked himself, "I could do that?" Josue is part of a Latino Fraternity and he knew the guys well and knew that a few of the guys were interested in knowing more about God. So, Josue started a bible study where God already had him. Four guys have been going to his study since and a whole new group of people are learning about Jesus where nothing was happening before.

We are so excited about what God is doing throughout all Cal Poly and how our students are truly becoming the aroma of Christ especially to pockets of campus that weren't reached previously.

### Prayer Requests

- Pray for us as we are preparing to lead a group of 30 to East Asia this summer.
- This week before Easter we are inviting the campus to an evangelistic Good Friday service with 4000 plastic Easter Eggs with candy and a Gospel message in them.
- Our freshman bible studies would finish the year strong.

**We are taking our website down until Mid Aug due to the nature of the summer project we are leading to East Asia.**
