CRU MISSIONARIES at BUFFALO May 2022

## Sending graduates into the world better equipped

Sadly at the end of every school year we have to say good bye to some amazing students. These 4 students are graduating from Buffalo State college. And as I heard what they were doing after graduation I wanted to share the impact God is making on college students. Going left to right:

Buff State Graduating students

- Katherine:** Will be mentoring and helping to develop high school students with Cru in East Asia
- Stacey:** Is still a non-believer but is so close to accepting Christ. She loves Cru, and all her best friends are Cru students. She is actively reading apologetic books, and we are trying to find her a similar group in her home state of Virginia.
- Pat:** Barely spends any money on himself, but has a gift of investing and making money so he wants to help make big changes for God.
- Grace:** will be a much needed intern with Cru Buffalo next year. We didn't have any females discipling the Buffalo State women this year so Grace will be coming back to do that next year.

It is so cool to see what God is doing on the college campus, and this was just one of 5 campuses that is sending college students out into the world.

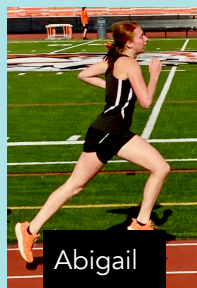

## Sending Cru Staff all over the world

We said good bye to fellow staff member Thomas Rodrigues. Thomas came to Christ through Cru and has committed 6 years of his life to reaching college students in Buffalo. He is marrying a Cru staff member in New York City and they decided to start their marriage reaching the over 600,000 college student there. It is sad to see him go but that is one of the dreams that brought us to Buffalo; to be a sending ground to the world. It is amazing to think we currently have 2 sent female Buffalo Cru staff in the Middle East, 2 in Massachusetts, 2 in Boston, and although East Asia is now closed to Cru missionaries we have sent many interns there the past decade. We are excited to see what God does in the future through Cru Buffalo.

**PRAYER - On Saturday, May 14 a mass shooting took place in Buffalo.** Ten people were murdered at a grocery store because of the color of their skin. Because they are black! We are disturbed, heartbroken and angry. We love our city and we hate that our neighbors are targeted and hated just because of their skin color. So we pray and listen to peoples stories and hurts. We are partnering with local churches to get this neighborhood the much needed food they need as they are in the middle of a food desert. These are all real needs but the heart of the problem is racism. Please pray for healing and pray for real change.
