

The Lamb Family

Cru Missionaries at Buffalo October 2022

The 2022-23 school year has started back...

and is in full swing. Which means our staff team and student leaders have been busy on 5 Buffalo campuses doing 1000's of spiritual interest surveys. From these surveys we try to have as many one on one conversations with students who are interested in learning more about Christianity and Cru as we can. These conversations can be awkward every once in awhile but, most often they are the highlight of the year. We get to hear students stories and care for them as they transition to college. Most of all there is so much potential for spiritual growth.

Fall Getaway

Our BIG Fall push all leads up to Fall Getaway, a weekend retreat that happened just last weekend. Fall Getaway is always a great time for students to really cement their relationships with each other, Cru, and most importantly with the Lord. We believe in it so much that we raise money so that freshman only have to pay \$25 instead of \$107. During the weekend one thing I was stuck by was the stories of 2 students, Felli and Melina. They both went into the pandemic non-believers and then they both said they heard God talking to them in the midst of the pandemic so started researching Christianity and reading the Bible on their own. They came out of the pandemic strong believers and are both currently being met with weekly by Cru staff and are leaders with Cru at Buffalo State College and Niagara University.

Niagara Falls Evangelism

Before the new school year started we took some of our Summer Cru students and church friends to talk to people about God and share the Gospel with tourist at Niagara Falls. We had a bunch of great conversations with people from all over the world.

PRAYER

Niagara University (Jesuit roots) has had a change in campus ministry directors. As of September they explained that all ties to Cru may need to be cut off from campus. We would love prayer for Niagara University as we have a strong Cru movement there.
