

## God Moved In His Heart

"It's sunny outside, so students want to give their lives to Christ [in a humorous tone]." This is what Kevin said at a staff meeting where we were planning for our spring quarter. Everyone laughed but it is funny how God seems to work on campus during the 3rd quarter of the year. Maybe students get sick of the party scene or realize they aren't experiencing authentic relationships. But whatever it is, God's Spirit has been on the move.

Life change has been happening here these last four weeks, and one story happened at our weekly meeting. Kevin disciples Kyle who disciples Daniel (pictured to the right) who has been stepping out in faith lately. Daniel isn't an extrovert and it isn't natural for him to talk to new people. But two weeks ago he was at the Tuesday night weekly meeting and saw a guy sitting by himself. Daniel knew he should talk to him but was super nervous to do so. Finally, **he couldn't ignore that God was asking him to talk to this guy any longer**. So after the meeting Daniel went over and talked with him, which led to him opening up about his life and spiritual things, then Daniel shared the Gospel with him. He then prayed to receive Christ, right there!!

It turns out that this guy had never been to a Campus Crusade meeting. Before the meeting he had actually called one of our staff members to learn what it was all about. He came and checked out Campus Crusade that week because of that conversation. Once he showed up, God moved in his heart. It is awesome to see what God does when we step out in faith like Daniel did. Actually, that was the third person Daniel had prayed to receive Christ with in the last month. Daniel's response is to give thanks to God for allowing him to be a part of what God is doing.

## Cuesta Spring Break

Kevin went on the first ever spring break trip with Cuesta Community College students to the University of California at San Diego (UCSD) to help with a new Crusade team on that campus. Cuesta students are very familiar with starting a ministry from nothing because that is where they were just two years ago. They spent **6 hours a day starting spiritual conversations** with students and even some professors. The week was a success with a lot of spiritual conversations, seeing our students step out in faith and become confident in sharing the Gospel, and it was a huge encouragement for the few staff and students at UCSD.

## Family Update

As I type this I am waiting for this baby to come any day. We are so excited to meet our little miracle. We would love your prayers for this transition to a family of four. We'll keep you updated!!
