CRU MISSIONARIES *at* BUFFALO | Dec

He started having problems understanding his teachers and following along in regular conversations. After going to the doctor he learned that he was losing his hearing. Himdeep, who was raised in India and moved to Buffalo, is no stranger to hardship. But through it all he is one of those students God just seems to be after. I (Kevin) first heard about Himdeep last year when

a student leader shared how she had a cool conversation with him about God. Then over half of the leaders started to share how they too not only knew Himdeep, but also had spiritual conversations with him. This semester Himdeep started coming to Cru. A few days after **I had the privilege to meet up with him and share the Gospel!** He still had many questions and wanted to learn more. So Luke one of my closest student leaders started meeting up with Himdeep, along with 2 other non-believing students to discuss a book that gives evidence to the claims of Jesus. Himdeep comes to everything he can, weekly meetings, bible studies, socials, etc. In fact whenever we invite in a new speaker Himdeep always goes and asks them many questions. He is so close to giving his life to Christ!

Luke

Himdeep

Honestly it's because of you that college students like Himdeep get to hear the gospel on 7 different Colleges in Buffalo and beyond.

Thank you for investing in what God is doing.

Thank you for investing in changed lives.

Thank you for investing in college students. Thank you for investing in us.

A few weekends ago we car pooled with 16 of our older Cru leaders from several different colleges to "Preview Weekend" Conference in Albany New York. This conference unashamedly asks students to consider taking a few years after graduation to work with Cru. But, more than that there is a much bigger emphasis, that I love during the weekend, on seeking the Lord and making Him known whatever students decide to do after college. Amazingly, by the end of the conference most students were seriously considering joining with Cru in some aspect after college. What is exciting about that is since 2011 when Jenn and I arrived in Buffalo we have always believed that God wants Buffalo to be a missionary sending ground to the world. We currently have graduated students in the Middle East, East Asia, and Boston. We are excited to see what God does in the future with these students.

Upperclassmen considering joining Cru after graduation
