

The Lamb Family

Cru Missionaries at Buffalo December 2025

What if I told you that you are making a difference? What if equipping students could impact thousands? It's true. You are making a difference through amazing students like Brendan Reilly.

UB Student Brendan Reilly

Our University of Buffalo men's bible study group recently received a great group text from Brendan following a weekend training about “why and how to share your faith”.

“Hey guys, just wanted to let y'all know, I'm going evangelizing on campus tonight! Over the weekend, I have felt convicted and called to go evangelize even though I'm terrified (so if y'all can pray for me for that too, that would be great!).”

Then, about an hour later, we got this message.

“I need to tell y'all this as a praise to God! I was on campus praying for strength to go evangelizing, and I saw a guy sitting there. So I started talking to him, and the spirit was cooking in my talk (that's a good thing :)). He's an atheist, and he wanted to know more about God. I started sharing what God has done in my life. I explained how Jesus suffered and died for our sins and loves all of us because we are all sinners, but if we give it all to God, then we will see how He's able to change us for the better. He wants to meet up next week at the same time to talk more about it, and he even said that maybe this was God sending me to him. I was like YOU BET IT WAS!!! Now I feel called to evangelize much more, as it was not hard at all because I gave the evangelism over to God rather than trying to do it myself!!!!!!”

Our mission is simple but powerful: to put the gospel within arm's reach of every college student. As God stirs in students' hearts across our campuses, we are right there to guide them toward Jesus, walking with them, and helping them take their next step toward Jesus. I have great anticipation for 2026. I'm still deeply passionate about leading my staff team here in Buffalo. I simply couldn't do this without you. I am deeply thankful for your generosity and prayers, which allows me to be on campus, present, and available to these students.

We are deeply thankful to have you in our corner as we head into 2026. Wishing you a Merry and Christmas and a joy-filled New Year!
