CRU MISSIONARIES *at* BUFFALO | Oct 2019

I just met with Marcus, a freshman rugby player at Buffalo State who's future job hope is to have his own YouTube channel where he tells people his spiritual thoughts!

Marcus isn't a Christian but he is very spiritually interested, and has basically come up with his own religion. A common theme other Cru staff and I have noticed this year while meeting with students is that they are excited to finally talk to someone about their spiritual thoughts and questions. No one else wants to engage with them on spiritual topics. To me it just shows that God is at work in so many students lives and the ministry on the college campus is more important then ever. We want to a find those students and come along side of what God is already up to in their lives.

This is one of so many stories we would love to share in which your prayers and giving have helped to reach college students all over Buffalo for Christ. Since we only have one page we'll give you some of the highlights. We have passed out 1000's of flyers and 100's of spiritual interest surveys have been filled out by students. We have meet up with every student that we can to tell them more about Cru which always leads to conversations about how to know God personally.

And we have seen God move! NINE students have prayed to receive Christ throughout the Buffalo campuses within the first 6 weeks of the semester. This is the largest number of students that have prayed to receive Christ in the first 6 weeks of the semester in the 8 years we have lived here. Four of the students received Jesus at Buffalo State! Another 10 students that we know of are super close to receiving Christ. Please pray for these students during this very crucial time in their lives. (Their names and school are on the left.)

· Lindsey - NU

A Logistical Hardship Turns Into A Blessing

This summer before the school year started at Buffalo State while trying to get rooms, promo tables, etc. I was told that everything changed and that now every club has to reregister each year. I will spare you the boring details of the hours of work this took to get all the info they wanted. But one thing I needed was an advisor who worked for Buff State. Being new to Buffalo State I didn't know anyone. So I contacted all my ministry friends and one guy kept coming up, Nyandusi Nyachae or "Dus" for short. Getting to know Dus I found that he is a professor at Buffalo State in his early 30's. Dus feels like he got his job miraculously, literally the president of the college pursued him. So, he feels like God wants him at Buff State to reach college students. Dus has been a huge blessing to me because we are doing ministry alongside each other, he brings a ton of energy and ideas. Dus knows a lot of students and faculty on campus and is well plugged in with campus life. He has become a very good friend to me and my family in a short time. So it has been so life giving to go after the campus working alongside Dus.

Always love hanging out with my big brother **Kevin Lamb** as we keep seeking ways to serve the Buffalo State College Community through CRU (Campus Crusade For Christ) ministry there. I truly thank God for using him to open doors for me to serve with him and his team as we seek to share the Gospel with students! Love you big bro!
