CRU MISSIONARIES *AT* BUFFALO | Feb 2016

Every Dorm. Every Student.

Our goal is to one day see a male and female Bible study reaching out to each of the 12 dorms at the University at Buffalo. At the beginning of this school year we had a female and male study in one dorm. Towards the end of last semester it became obvious that God wanted us to expand our reach to a new dorm, Governors Hall, an honors dorm. Several students from our movement kept asking us if they could have a study in Governors Hall since they lived there and it would be easier for them. We knew this would be taking a step of faith, splitting a good study into potentially two weak studies, and messing with the spontaneous community that was happening after the study. Also, if we were going to do this we knew we would need more leadership from the current students. So we followed God's lead and split the studies into two different dorms. God has gone beyond what we could have imagined! There is a lot more student ownership and the number of students in attendance has doubled!!! Please pray that that these studies would grow and that we would find ways to bless and reach the dorms they are meeting in.

Our family seeing the sights during the Cru winter conf. in DC. Over 1,100 students came to grow in their faith.

Over 50 students crammed into our house from 6 different Buffalo campuses for our Jan. leadership meeting

## Coming in Feb: Athletes in Action at Daemen College

At the end of last school year I had a conversation with Katie, a sophomore volleyball player at Daemen College. Katie asked me if I could help her reach her sports team for Christ. We have been talking and planning how we could go about that. This Sat Feb 28th they will have their first meeting. There are already new students that weren't previously involved in Cru helping out and expressing interest. Please pray for this athlete Bible study to get off the ground and that it would reach a whole new pocket at Daemen College for the Gospel that is currently hard to reach.
