CRU MISSIONARIES AT BUFFALO | Oct 2015

I (Jenn) met Paige for the first time at my house last winter for our Cru women's night. We had fun decorating mugs together and listening to several students vulnerably share how they can often find their worth in the opinions of others, boys, and success. But the message of finding your worth in the never changing, always and forever loving God who created us became the start of Paige seeking truth. So when Paige had the first weekend off of work in months and it was the same weekend as Fall Getaway she took it as a sign to go! That first night she admitted to me that she wondered what she had gotten herself into but she wanted to know more about God. And God answered! At the end of the weekend the Buffalo students were sharing what God had taught them in a big group. Paige proudly got up in front of everyone and shared, "I realized I never was a Christian and being here made me realize I want to be." And then a couple days later Paige sent this text to Ashley our teammate:

"I'm like so excited for Cru. This is going to sound so weird but I'm like craving the need to hear gods word and be around people that believe. I feel like one of those people I used to roll my eyes at but now I know that before I just didn't understand."

It's so exciting to see God answer our prayers for Paige! Would you continue to pray for Paige to grow in her faith and love for Jesus?

Paige, Ashley (new intern), & **Lumesh** (from previous newsletter) at Fall Getaway

Highlights of the First 6 Weeks of Campus

- University of Buffalo has had the largest freshman class turn out in the 5 years we have been here.
- We have launched on our 7th campus, D'Youville College. With 17 students at the first meeting!! That's a great turnout for only getting to hand out flyers once.
- 59 students from 6 different Buffalo campuses came to Fall Getaway. Our largest group ever!
- We have had personal meetings with 50+ new students, many of them being great Gospel conversations.
