

The Lamb Family

CRU MISSIONARIES *at* BUFFALO | July 2019

Summer Cru in Buffalo

School has ended and it can be a great time for students to really trust God in new ways and grow.

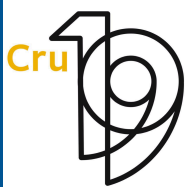

Sadly many students come back from summer break struggling in their spiritual lives. To help with this a bunch of students are going on summer missions with Cru all over the world. Those that are staying in Buffalo from our 7 campuses are meeting

up every Wednesday night for a Cru meeting called "Summer Connect". They of course are hanging out with each other, but on top of that they are helping let freshman know about Cru at campus orientations. The Cru Students are also reaching out to the 100's of international students that stay in the USA for the summer, and helping with some community service around Buffalo.

What we the Lambs doing this summer?

I (Kevin) am getting a much needed 4 week Team Leader training (3 weeks online, 1 week in Colorado) with 150 other Cru leaders from across the country. Basically, I am getting trained for a job I have been doing the last 4 years. I just finished week 2 and honestly it has been so good to get tools and resources to help with what I have been doing, learning from experts in certain fields, and just hearing about what other leaders are doing on their campus. I am so excited to learn more and see what God does with all the resourcing I am getting from this summer.

150 Cru staff including Kevin getting Team Leader Training

Also in mid-July we will be packing the van up and road tripping for 2 days with the 4 kids across most of the USA to Fort Collins, Colorado. We will be attending the bi-annual National Cru Staff Conference. We are excited to gather with over 5,000 fellow U.S. Cru staff to hear from our

leadership, be trained in some of our ministry's best practices, and have a set aside time for spiritual renewal. **If you would like to help us with our travel and conference costs which will be about \$3000, you can do so at www.Give.Cru.org/0561649.**

We are so grateful to the Lord for you. Your prayer and giving is making a difference in helping the lost come to know the Lord.

Family updates:

- Abbey (11) has been busy playing soccer, and following in Jenn's foot steps becoming an amazing runner
- Dave (9) and Pete (7) are loving playing baseball
- Madeline (4) has been busy cheering them all on and showing off her bike riding skills
- And of course Jenn and Kevin are just busy keeping up with life, ministry, and the kids
