CRU MISSIONARIES at BUFFALO | Nov 2020

Since, our last newsletter we have seen God do some amazing things in students lives despite the restrictions due to Covid. Also, to be transparent the last month or so has brought some of the hardest events we have had to deal with since being on staff in 2004. First the amazing, then the hard.

Fall Getaway

Normally every fall we take about 100 students from campuses all over Buffalo an hour and a half away to a Salvation Army camp for our Fall getaway. This year due to Covid we stayed in Buffalo and had a 2 day conference. We split up into 3 Buffalo locations where we watched pre-recorded talks, of course just had lots of fun, and played socially distanced games. Although not ideal, students left the weekend feeling closer to each other and God. A new Buffalo State girl, Ziana who had little spiritual background came to Fall Getaway. **She heard the Gospel clearly for the first time and then grabbed one of our student leaders to talk more about having a relationship with Jesus.** They talked for an hour and then Ziana prayed and accepted Christ! There were many other long spiritual conversations had over the weekend.

Buffalo State at Fall Getaway

Suspended at Buff State

Late night of Oct 1st some non-Cru Buffalo State students got in trouble at Buffalo State and said they were with Cru. This started a whole chain of events for Cru at Buff State. **We were suspended which meant we couldn't meet together. Most of our Cru students were mandated to get covid tested and we had to defend our case at a hearing with the administration.** The bad news is we haven't had a weekly meeting the last 4 weeks. The good news is as of 10/26 we are no longer suspended and we were found to be not guilty! Honestly, it is sad that this happened during a time in students lives that they are so alone and hurting. But, in the midst of our time not meeting lots of students stepped up and started hanging out with each other. So even deeper community was built! Also, I (Kevin) now know the Buffalo State administration a whole lot better. We are trusting that God has big plans for Buffalo State!

Our van was stolen

Finally, our older 2008 mini-van that we raised our kids in the last 12 years was stolen out front of our house one night. It was found about four weeks later in an impound lot almost unrecognizable. Long story short we found a good deal on a new to us car almost 400 miles away near New York City.

We share these tough stories with you to say we need prayer because it has been an emotional taxing time in the midst of a pandemic. We have an enemy that doesn't want us spreading God's word in such a dark city. But we feel like we have just started seeing what God has for Buffalo college students and the best is yet to come. It is people like you that make it possible and help keep us going! Thank you!!
