## Four Stories of Students Meeting Jesus

Since the start of the new college year, we've already seen at least six students put their trust in Jesus! I wanted to take a moment to share four of those stories that our staff team was able to capture. It's been incredible to see what God is doing on campus.

1. Dominick a freshman came to college, thinking he'd just have the usual college party fun. He was invited to our Cru Fantasy football draft and stayed after to hangout and for free pizza. The next day, something totally unexpected happened! He said, "I think I'm having an encounter with Jesus." He shared how he felt God was nudging him away from drinking and smoking. We were able to instead point him towards the real life only found in Christ!

2. Mikayla, a junior, has been yearning for closer connection with other college students. She's been going to church for the past year, but has struggled with feelings of never being good enough. So one day, while sitting in a bubble tea shop with one of our Cru staff members, Mikayla had tears in her eyes and discovered the comforting truth of the Gospel: it's not about what we've done, but what Christ has done for us. In that moment, her life changed forever when she embraced a saving relationship with the God of the universe!

3. Hayden grew up in the church, but he never experienced the amazing change that Christ brings. Hayden said he was just pretending to look like a Christian. Then he saw a TikTok video (of all things) that really sparked a desire for him to get to know God better. So, he came to college looking for a Christian community and found Cru. Even though Hayden stands at an impressive 6 foot 10 inches tall, he still humbly accepted Christ as his true Savior and Lord for the first time!

4. Anna didn't have a spiritual upbringing, but she did have a few friends in high school who were super into Jesus, and she was really curious about their faith. She came to the University at Buffalo with the intention of learning more about God, which is quite uncommon for college students. So, over some yummy sesame chicken at the campus dining hall and a simple chat about the Gospel, she realized she needed a savior and invited Christ, the only one who could take care of her sins, into her life!
