CRU MISSIONARIES *AT* BUFFALO | April 2017

Every year during spring break we head down to FL with college students for a Cru Evangelistic conference/ mission trip called Big Break. Students get great biblical teaching but even more exciting **they are taught how to share their faith in friendly non-confrontational ways with college students** that are on the beaches to party. Over three weeks, due to colleges having different spring breaks we had a total of 47 students go to Big Break! That is double from last year! And that is 47 students that came back excited to share their faith on their campuses!!

The week I went there we had 34 students with us from Buffalo State, University at Buffalo, and D'youville. There were so many stories of God's work that happened...

God healed a girl for our UB campus. When we arrived I had to take a girl to the ER for what we thought was a minor infection. Well it turned out to be Staph and it kept spending and spending. After seeing more doctors they told her **she had to get a procedure done in order to safe her life!** They said she would die! Did I mention she is an international student and leery of American doctors. She refused and booked herself a flight home. Many conversations were had but she was steadfast and so all we could do was pray. And God healed her!!! We were so thankful so the work that God did!!

UB Chinese Student Kathy

But on a lighter note, one of my favorite stories was when I was out on the beach sharing with Kathy another international student from China. Kathy came to America to study and ended up giving her life to Christ a year ago, which is cool in itself...the world is truly being reached on the college campus. Well, we quickly realized the first girl we started talk to on the beach was a Christian. I asked some follow up questions to make sure she knew what it meant to be a Christian. After we were done I asked Kathy what she thought. *She said "can you really know for sure you are going to heaven when you die? I always thought you just died and hoped God would let you in depending on how He felt that day."* **That kind of thinking can severely hurt our relationship with God.** This lead into a discussion looking at scriptures showing that because of Jesus we can know that we are not only going to heaven, but have an awesome

life with God now, 1John 5:13. It's fun how God works, you think you are trying to help one person and another is actually who God wanted to teach.

On all the campuses we are already seeing the fruits of so many of our students going to Big Break. Students are sharing with many of their friends about Jesus. Thank you for investing and making this all possible!!

## Prayer Requests

1. Pray that our team and students would finish the school year well.
2. Pray for wisdom as we begin setting up students for leadership next year.

UB student Dan sharing on the beach
