CRU MISSIONARIES *at* BUFFALO | Feb 2018

Imagine feeling like you are one of the few Christians on your campus and feeling a little weird everyday for the views you hold, trying with Gods strength to not give into the madness of the culture all around you. Also imagine its the end of the 1st semester and the semester didn't end like you had hoped. You didn't walk with God and grow in Him as much as you wanted. And you didn't share the Gospel with all the people you hoped to. On top of this with finals and all the craziness with finals there is often little time to do anything with the feelings of regret you have. Then after the whirlwind of the holidays which made it even harder to connect with God, you somehow arrive at a Cru Winter Conference Dec 27th-Jan 1st. you are with 1200 other college students from the East Coast that are just as in love with Jesus as you are. The times of worship are like nothing you have ever experienced, and the speakers seem to somehow be speaking right to you. Honestly, it is explosive and a tiny bit of heaven.

The 31 Cru Buffalo students at Winter Conference

This is a tiny bit of what the students experience at our Cru winter conference. This year we took 31 Buffalo students from 6 campuses to Baltimore. We have only been back a few days but have already seen students taking big steps for the Lord. They are applying for summer mission trips, considering taking a year or 2 of their lives after college to go to the world, and wanting to go back to their colleges to make a difference for the Lord and let their friends know how good God is. One student Noel didn't waste anytime and sent this on our Groupme:

"Hey everyone if I could put in a prayer request. I just had a lite spiritual talk with my younger sister. Like myself she was raised in the church but had long turned away from the Lord. She has often rejected my out reach to her but this time listened for a bit and said she still believes, but is more focused on herself. I've been slowly getting my family back to the faith."

Prayer Requests:

- Pray for UB as we have many new young student and Cru staff leaders that we desire to shepherd well.
- Pray that we and our students would walk deeply with Jesus
- Pray for God to be in the planning and prep for the two spring break trips in March. Daemen & Buff State students will serve with Harvey relief work and UB & Niagara Universty students will be going to the last ever Panama City Beach spring break outreach week.

For the day of outreach we were able to serve at the Samaritan House. A rehabilitation home for women who have been rescued from sex trafficking. It was a privilege to serve and be a small part of God's redeeming work there.
