CRU MISSIONARIES *AT* BUFFALO | June 2014

I can't believe we are finishing our 10th year on staff with Cru and our 3rd year in Buffalo NY reaching college students with Cru. How quickly time flies. We continue to see God making His name known in Buffalo, NY amongst college students.

One example of God moving is toward the end of the semester we have been challenging our student leaders to give the message at our weekly meetings. Erin a junior dance major at the University at Buffalo took the challenge to a whole new level and decided to take a step of faith and invite her fellow dance students. With much prayer and anticipation for the night Erin wondered if anyone would come. Can you believe 8 of her classmates

were at the Cru meeting when it started, then 15 mins later 3 more came in! Erin spoke on how relatable Jesus really is.

Afterwards all of the dance students were talking and said, *"we talk about movies, and chocolate, and just about everything else, but we never talk about religion. I am glad we came, I hope we talk about spiritual things more often."* One girl told Erin, *"whenever you go again to Cru meetings let me know, because I want to go with you."* Would you pray with us and Erin for the dance students at UB.

SUMMER on MISSION

Wildwood Cru students finishing up a long day of work on the Boardwalk

Recently we arrived in Wildwood NJ for our summer assignment with 31 Cru students from all over the USA. The 2 main things we are focused on with the students is "Treasuring Jesus and Impacting the World." Every year we see thousands of international students make Wildwood their home for the summer. We have connected with students from Azerbaijan, China, Columbia, Egypt, Ghana, Greece, Israel, Saudi Arabia, Spain, Russia, Turkey, and lots more. Indeed, "WILDWOOD WELCOMES WORLD" is an accurate statement. Please pray as we reach out to these.
