CRU MISSIONARIES *AT* BUFFALO | Oct 2017

So much has gone on the last 6 weeks since school has started. We have handed out 1000's of flyers, had 1000's of students fill out spiritual surveys, and sent out 1000's of texts letting interested students know when our events are. We have then done all we can to meet up with every new student that comes and share the Gospel. Also, since college students have a high priority on being social we have also put on lots of events: Apple picking & chili/ Niagara falls trip/ hiking/ Nacho parties/ Movie nights/ and more. The cool thing is that this has been happening not on just one college campus in the Buffalo area but SEVEN!

1st meeting at 8th Buffalo Campus

In the midst of all this we have launched Cru at our 8th college campus in the Buffalo area at Canisius College. One of our key leaders started going to Canisius for graduate school and even got a job in the ministry department. The ministry department didn't have any Christian options, we of course are glad to help with that. On top of that we already knew a few Christian students and professors that were excited to bring Cru to their Canisius College. So, it seemed like God was opening doors so we decide to walk through.

The most fun thing about the beginning of the school year is meeting up with new college 1st meeting at 8th Buffalo Campus. One of my (Kevin's) most memorable meetings was with a sophomore Jiho who grew up in a non-Christian household in South Korea and is going to the Universty at Buffalo for his college degree. He had the typical freshman year of partying as hard as he could with still being able to pass his classes. Then in the middle of his 2nd semester of his freshman year his dad was diagnosed with cancer. Jiho wanted to leave school and help his dad, but his family told him there was nothing he could do if he came back and that he should stay in America and finish his schooling. But, Jiho wanted to do something for his dad. So he started looking to God in hopes that if God is true Jiho could at least be praying for his dad's healing. This is just one of many similar discussions both of us have had at the beginning of this school year. We look forward to meeting up more with these students and introducing them to Jesus, and how to walk with Him.
