CRU MISSIONARIES at BUFFALO | Sept 2021

What a difference a year makes

Last year at this time it was hard to find any students on campus, now this year the college is buzzing with activity again. **In fact enrollment at UB (University at Buffalo) is at an all time high this year!** As I (Kevin) and my teammate Ryan first walked on campus to help freshman move back into their dorms we just couldn't stop thanking God. Last year the dorms were mostly vacant and now they are full again. We couldn't stop talking about how excited we were to have students back in person!

We have known for awhile now that much like the rest of the world, students are coming back on campus socially deprived, in trauma. Because of this maybe more than ever students are coming back to college needing to know who Jesus is and how He can help. Also, they are in desperate need of a close caring community around them. Cru is great at helping students in both of these areas. So, we have spent weeks getting ready for the return of the students. Beside all the normal things we do, **one of the fun ways that we invited students to Cru at Buffalo State was by partnering with a local church. We went on campus and gave out laundry bags and free ice cream from an actual ice cream truck.** Then any

student remotely interested, we let them know about our weekly meeting. Also, now we are in the process of seeing if they want to meet up personally to hear more about knowing God personally. There are hundreds of students to follow up with so please pray for our conversations.
