## Year End Giving

As the year draws to a close, if you would like to consider giving an extra gift it is always helpful with extra expenses with a growing family and ministry. Your extra giving would especially be helpful with an upcoming winter conference in D.C. and spring break trip to FL we are taking students to.

You can give at:

We are so grateful to the Lord for you!

Andrew Hurst is a senior at the University at Buffalo and came to know the Lord this summer. Worried about going back to his old lifestyle once he returned to school he knew he had to get involved in some Christian group. I (Kevin) am so thankful the Lord led him to Cru because I have had the privilege of mentoring Andrew this year. The second week of school I met up with Andrew to get to know him and see where he was spiritually. Andrew couldn't stop talking about how different his life is now and how excited he is to know Jesus. Andrew and I have kept meeting weekly to go through fundamentals of Christianity. It is the highlight of my week to see the hunger he has to grow in Christ. He takes notes while we meet and then when we are done he always says with excited eyes, "thanks so much for going through that with me it was so helpful!" I wish you could be there because your prayer and gifts make this possible.

Not only is Andrew growing in his faith, but he is also multiplying his faith as a new believer! Andrew is a Resident Assistant in his dorm and a few weeks ago he started talking to two of his residents about God. Alyssa grew up Catholic but definitely wasn't a believer. Peter is a Christian but wasn't getting involved anywhere or growing in his faith. Andrew took Alyssa to his church and the first week she accepted Christ! Then Andrew became nervous that Alyssa was graduating this semester so he decided to read through and discuss the book of John with both Alyssa and Peter 3 times a week to talk about the life-changing message of God!
