CRU MISSIONARIES *at* BUFFALO | Nov 2017

We had another great year taking around 90 Buffalo students away for the weekend to a camp on New York's beautiful finger lakes for Fall Getaway. There were students from 8 different WNY campuses! It's always a great time early in the school year for students to get to know one another better. But, more importantly we are thankful for students to have the space to get to know God more and be challenged to live for Him during college and make Him known on their campus. There are so many highlights from that weekend...worshiping together, late night talks with students, learning from a pastor in Rochester, square dancing with a real live caller and Jenn and I showing off our swing dance moves during the dance party. But, the most significant thing happened Saturday afternoon. Cru's mission is to follow Jesus' example in ministry with the most influence people of the future...college students. And that is to WIN students to Christ, BUILD them in their faith, and SEND them to the world. **So we decided to train all our students how to share their faith in a clear but conversational way. In a crowd that size we knew and we hoped that there were students that were not-yet-christians. Since then we have heard a few stories of students that truly understood the Gospel for the first time there!!** Praise God! Not only did God use that time to bring students into a relationship with Himself but now our students are more equipped. Kelechi a student from UB whom I disciple was excited he was given a tool he can now use to share with his friends about how to know Jesus in a clear way.

UB pumpkin Carving Outreach

In the week leading up to Halloween I had around 150 pumpkins in my Honda Element and moved them back and forth from 2 farms onto the 2 campuses Jenn and I lead: Daemen College and University at Buffalo (UB). On both campuses Jenn and I were impressed by how much leadership the students took to help pull off the events. We keep hearing stories from the students

about them taking steps of faith to invite their friends/ classmates/ dorm mates/ and friends from other clubs. Many ended up coming that would have never have come to a Cru meeting. At UB the students wanted to take a step of faith and have someone share their testimony of how they started following Jesus. A sophomore Craig stepped up and shared his story to a crowd of a 100 students. There was a turning point that night with our UB Cru students from a staff led movement to a student lead movement. Their eyes were open to God using them on their campus and having fun doing it.
