

The Lamb Family

CRU MISSIONARIES *AT* BUFFALO | Aug 2017

What were the Lambs up to this summer?

On top of raising a little more personal support I (Kevin) coached 5 Cru intern guys in raising their support this summer. They will be joining team this Fall in places like Boston, Rochester, and Albany. It was fun for me to help with my years of experience in raising support, and I enjoyed being there for these young guys during a tough season.

It is exciting for me to see more diverse leaders in Cru. And one of the guys will be reaching the deaf community, a very unreached often forgotten about segment in our society. Another guy is going to Albany NY the most un-churched city in America. I loved

being a part these new graduates taking big steps of faith to reach the next generation of college students.

The Lamb's Wild West Adventure!

We had a amazing 3 week wild west adventure

We went to Cru17 which is a every other year conference in Fort Collins CO with around 5000 other Cru staff members. It was a great time to hear the direction Cru is going, get some new ideas going into this new school year. The big theme of this year was partnership. Cru realizes we obviously can't reach the world alone for Christ. So our vision is to work with more and more Christian groups and churches to fulfill the Great Commission (Matt 28:16-20)

While we were out west we took advantage of the time and stopped off to see family in Prescott AZ. We were also able to have a memorial for my grandfather who passed away in the winter. It was so good to be with the Lamb family. Then we briefly hit Tucson and Phoenix to see friends. Of

course what AZ trip would be complete with out stopping at the Grand Canyon, Sedona, and Focus on the Families Adventure in Odyssey play area. Many miles were drove but many more memories were had together as a family.

What happens to Cru in the Summer?

This is a picture of the international outreach event that our "Summer Connect" Cru group did back in Buffalo in partnership with "Bridges" (Cru specifically focused on reaching international students)! 40 international students came to the event! Many personal Gospel conversations were had. What a huge success!
