Daughter of GIBM Missionaries Edward and Angela (Webster) Oster dies in Argentina

The Oster Family

Angela, Cory, Landon, Ashley, Edward, Morgan

The first casualty of the GIBM has occurred in Argentina. The second born child of Ed and Angela Oster succumbed to health complications early in the morning of January 22. She was found at 5 am with a 106 degree fever. After a long wait for an ambulance, she arrived at the hospital where the doctors worked on her for an hour to no avail. Her appendix had burst, and she went home to be with the Lord. She is buried in Lewisville. Ed and his family are home on furlough and staying with the pastor and Mrs. Dick Webster. The expense to bring Morgan's body home is \$6,500. Cards and letters may be sent to:

Personally, my wife and I are doing well. My health is better than it was two years ago when I had quadruple by-pass surgery. I do appreciate your prayers and your faithfulness to pray for us. We have several missions conferences this spring and we are hoping to see more missionaries sign up with GIBM. We have completed the work on the new GIBF directory and we are awaiting its arrival from the printer. It will be available at the February meeting in Arizona, or it can be ordered from the Missions Office for \$10.00. It is our joy to work with the churches, pastors, and missionaries of the GIBF. We have seen the Lord accomplish so much in just a short time. Your support is very important to us. Working with such a strong group of people who are Baptist by choice and missionary by nature, is the highest privilege. We hope that you will remember the missionaries in prayer — not forgetting their struggles and heartaches. It costs something to be a missionary. Let us strive to make our missionaries sense that we appreciate the investment that they and their families are making in working for the Lord.
