Dear Friends,

We are very excited about this page in our chapter. We have traveled over three thousand miles since our last letter visiting both supporting and non-supporting churches. The trip started in Sioux City, Iowa, at the Buchanan Avenue Baptist Church. Pastor Thornton recently had a kidney transplant, and he is back in the pulpit already. A young man made a profession of faith in Iowa, and another one in a meeting in Vermont. We had several meetings in the New England States. One highlight was to preach at the 45th Anniversary service of Eglise' Biblique Baptiste, in Sherbrooke, Quebec. Pastor Martin Stevens honored his father, Robert Stevens, who started the church 45 years ago. Robert's brother, Pastor Chuck Stevens, also preached on this special occasion. We are thankful that we were also able to visit and preach at our home church, Blackstone Valley Baptist Church, in Cumberland RI, where our son, Randy is the pastor. We spent Thanksgiving with our ever-growing family in New England. It was a blessed time. We are thankful for our safe traveling and the special help the Lord provided for us on our journey. The Lord has blessed us with friends, like you, all over this great land. Our goals are to help the hurting, win the lost, and encourage churches wherever we can. Please pray with us that we can be voices for stability, maturity, and consistency for the Lord during this rapidly changing environment. It is true that the love and commitment to Jesus and for His work grows hot and cold like the seasons of the year. Each one of us needs to review and renew our commitment to the Lord on a regular basis. I have never "renewed my wedding vows" in a public environment, but I sure do tell my wife I love her on a regular basis . . . she loves it. I am sure that the Lord loves it as well when we love Him with all of our heart *and say it*. We have a very challenging spring schedule. It begins with a Missions Conference in Homosassa, Florida, where John McClean is the Pastor. We will then spend several weeks in Washington state preaching in three missions conferences. We will drive to Florida, and then we fly to Washington. Thank you for your prayers and faithful support. We are praying for six additional churches to partner with us as we continue *going* for the Lord.

Leaders don't predict the future; they change it.

Please send support to the following address
