

As I write this letter, I am hearing the sounds, and smelling the aroma, of the preparation of a great Thanksgiving meal. My wife and I are having our meal with our daughter and her family in Flower Mound, Texas. We do have a great deal

to be thankful for. Samuel, our 6th grandchild, on the left, is now in pre-school. Alyssa married Randy May on August 22. They are both working and seem to be very happy. Of course, your financial support and your prayers for us are on the top of our "thank you" list.

We hope each of you enjoyed a happy Thanksgiving day as well. Since our last letter, I was required to spend a few days in the hospital. It seems that my blood was too thin and I was bleeding. No surgery was required and the new diagnosis is good based upon a

change in prescribed medications. We are both feeling well and eager to serve. We are still commuting back and forth to Healdton, Oklahoma, helping to stabilize the ministry of First Missionary Baptist Church. It is a wonderful church with a great attitude towards missionaries. They have no youth leader at the present. Until recently, they had no song leader and no pianist. My wife and I are doing all we can to build them up. We do enjoy working with these great people out in the oil patch. We are very busy. The grace of God has been sufficient to allow us to keep up with our commitments to the missionaries, missions office, and the church at the same time.

Best wishes, always,

Robert Lewis 1 Cor 15:58

Special Prayer Requests

Joe & Jeniece McEldowney—Madagascar

Jeniece McEldowney has contracted some form of paralysis that affects her ability to move about. It is necessary for their family to return to the USA for diagnosis and treatment.

Ed and Angela Oster— Argentina

Morgan Oster fell last week and injured her jaw and mouth. She had to have thirty stitches on the inside of her mouth and six on the outside. I am told that she may need reconstructive surgery.
