

Flight 2 Furlough

Arrival in U.S.A ! We apologize for the slight overdue in getting this to you all . On March 20th and let me tell you something , BRrrrrrrr . Plane ride went well although a little turbulence, reminds me of many films I saw in the past , I only think those things happen in Hollywood . The last 3 weeks we have endured the brisk weather . A slow transition for the northeast but I love it , just breathing the cold air . . As soon as we got off the plane my hands were about to “fall off “ another words like having “frostbite” . Spring is taking a longer than we think but its good to breath some crisp cool air for a change . I can't say enough . For what the Lord has done in our travels and its your prayers are holding these “Ropes” thank you all see you in the News to come !

Ready 2 Raise !

Asking the Lord for

100 supporters my friends at \$20.00 monthly basis . Would you consider that to be too much ? I don't think so . We want to make this very practical for our potential donators . Let me give you a current position of the Maddens . In 2008 we are at the level we needed with one daughter and very little ministry , Now we have 3 daughters (hahaha) and triple the ministry as well with some set back which is expected and our level decreased to 40% when we left this month so you can figure that out . Now we need to be at double the support in this endeavor of our 7-10 month Furlough . We are so thankful to the Lord as he graciously provides for the Maddens on the road and we consider it a tremendous privilege to serve him and present the need. Its been One Month ! Now and the Lord has been so good to us . We have had two churches take us on and meet the need and three Individuals commit . We now are currently staying in a Mission home of Long Island New York , we progress and press on to new heights in our Furlough and are trusting the Lord . The Lord has even given us some appointments already , to present the need to Mindanao .these pictures are just some time with Grandma's and

Praying for the Maddens to Mindanao?

Faithfulness of our potential converts

Strength in the ministry & our Furlough meets

physical, emotional , financial 100 supporters @\$20/monthly

Health for our Family , Charles , Salina & Ianna have Bronchial infections and Salina is diagnosed with Asthma , Please pray this is and will be seasonal . .

- We are in need of a Vehicle as out project fund for our projected return in Philippines by January 2014 . This would cost about \$8000 . This is a serious need to the Madden family for the purpose of ministry and family in our travels. In our growing city . . And you can even make a one time pledge for this . Copy this to your browser please At the link Below .
