The Lord has graciously provided not one but two generators for us at 4000 watts to take the city by storm and I mean literally. we are so blessed ! Thank dear family in Monaca. We love you in the Lord. **No More Brownouts for the Maddens. !! And our People**

Beaver Falls, PA, a great opportunity to witness and preach the gospel at a "Oldies Car show event 'Tom (left) and his son question the Deity of Christ . The Book of John rips right through and Truth is once again Defended, that great English never fails of the preserved text. . Hebrews 4:12, Pslams12:6,7 Something about a Authoritive text that brings a revival in the Heart and transforms. People get excited about something that is the Pure Breath of God given by inspiration and not some lost manuscripts .

Traveling with the Maddens

Travel is something I love to do even when I was a kid. I remember my first airplane ride at thirteen taking a plane to Florida. The expression would be "awesome" (laughter), with three beautiful daughters and a great woman my wife beside me to aid and support the ministry and she is like and Ox (meaning the strength of one). Challenges on the road, anything from flat tires to falling asleep while driving, the Lord has been so good to me and my family to allow us to experience his grace and protection . At the same time, meet some great people who love the Lord. Our letter has been a **bit delayed due to transitioning** and not having right equipment, but we are making it. Being back to the city areas without internet access, the Lord has brought us through many areas in these past months, and to experience families of the Lord and what they are doing in the ministry for the Lord and the great humor that comes along with it to help us understand that they too have many challenges and embrace them with the strength of the Lord ,their struggles has made us understand others .It's really good to talk to men of God and find out about the ministry.It really is a blessing to me . The greatest Joy brethren in the ministry is to give and not expect anything in return, so when churches say that they probably couldn't have us in. We give our pitch again and let them know that we want to bless you! Not so much you blessing us,this is what it's all about (Now of course we need you as partners and we be honest with you), but we are fully aware of the "strains". This Furlough so far I can say being home for five months has been a little long and we long to get back now as we approach the last three months, because it's truly a ministry to other churches .I'm glad and privileged from our God that we can try to make a difference through the ministry of the Lord has given to us in the *Philippines* . The Challenge has been given, we pray that steps of action would be taken of the church of God to stand up and Partner with us in the great endeavor of souls for Mindanao .
